

The Facts!

Conserve Cash:

In addition to generating new sales, barter also enables an organization to conserve cash. Trade credits can be used to purchase equipment, supplies, inventory, as well as a wide range of business and personal services without the use of cash. .

Support the Local Community:

By joining First Coast Barter you will be doing more business with your local first coast businesses.

Reduce Seasonality:

During months when business is typically slower, due to a company's product or service mix, companies can still strengthen their overall financial position by accepting trade credits.

Ph: 904-827-7500

Why Barter/Trade?

Barter/Trade produces new business and allows you to expand your market. Secondly, trade conserves cash. Instead of spending cash to purchase needed goods and services, you can trade your own goods and services.

It is not like the old ways of Bartering

Therefore, cash stays in your business for other purposes.

Finally, trade lets you put idle resources to work. Excess time, excess inventory and excess capacity are converted into needed goods or services.

First Coast Barter is your local Barter exchange company linked to a nation wide network of Barter exchanges with over 40,000 business nationwide.

Our goal is to help local business owners conserve cash by allowing them to offer services or products in exchange for services or products that your business needs or wants, without spending any of your hard earned cash. Let us partner with you today!

How does First Coast Barter work?

Members of the First Coast Barter use trade credits instead of cash to do business together. If a member trades one thousand dollars of goods and services to another trade member, that member will receive one thousand dollars in trade credit, which can then be used to purchase a variety of goods and services from other members of the First Coast Barter. Hotel rooms, resorts, restaurants, advertising, printing and many other goods and services can be obtained with trade credits. First Coast Barter is a third party record keeper that sends monthly statements to each member reflecting their purchases, sales and current balance.

What other companies are involved in barter?

According to IRTA statistics, barter transactions represent more than \$12 billion in sales in North America alone. There are approximately 500,000 existing retail trade members and corporate barter company trade members around the world, Based on present trends, 1.2 million businesses will be engaged in barter in North America within next few years. It is estimated that 75% of the Fortune 500 Companies engage in barter in some form or another

With our Patent online barter software, you get every thing you need at a touch of a key!

How will other members find out about me?

One of our jobs is to promote your business to other members. First Coast Barter can help promote your goods or services to other members via our directory, mailing lists, website access and direct contact.

What other ways are there to use barter?

Many members use trade credit to pay employee bonuses. Some members pay their employees a portion of their salaries in trade credit. At your request, we will set up employee sub-accounts and will assist your employees in using their trade credits as advantageously as possible. Employees need not pay a 5% brokerage fee. This fee can be prepaid when a member transfers credit to a sub-account.

It is also possible to pay some of your bills with trade credit. We can help your creditors spend their trade dollars effectively. Paying bills with trade credit is just one more creative way to use your trade credit.

How do I get started?

When you ready to begin, a member of our sales staff will talk or meet with you. They will discuss with you what you want to trade and how you will spend your trade credit & discuss sign-up process.
